TJ PARK FOUNDATION

# Fostering Future Talent

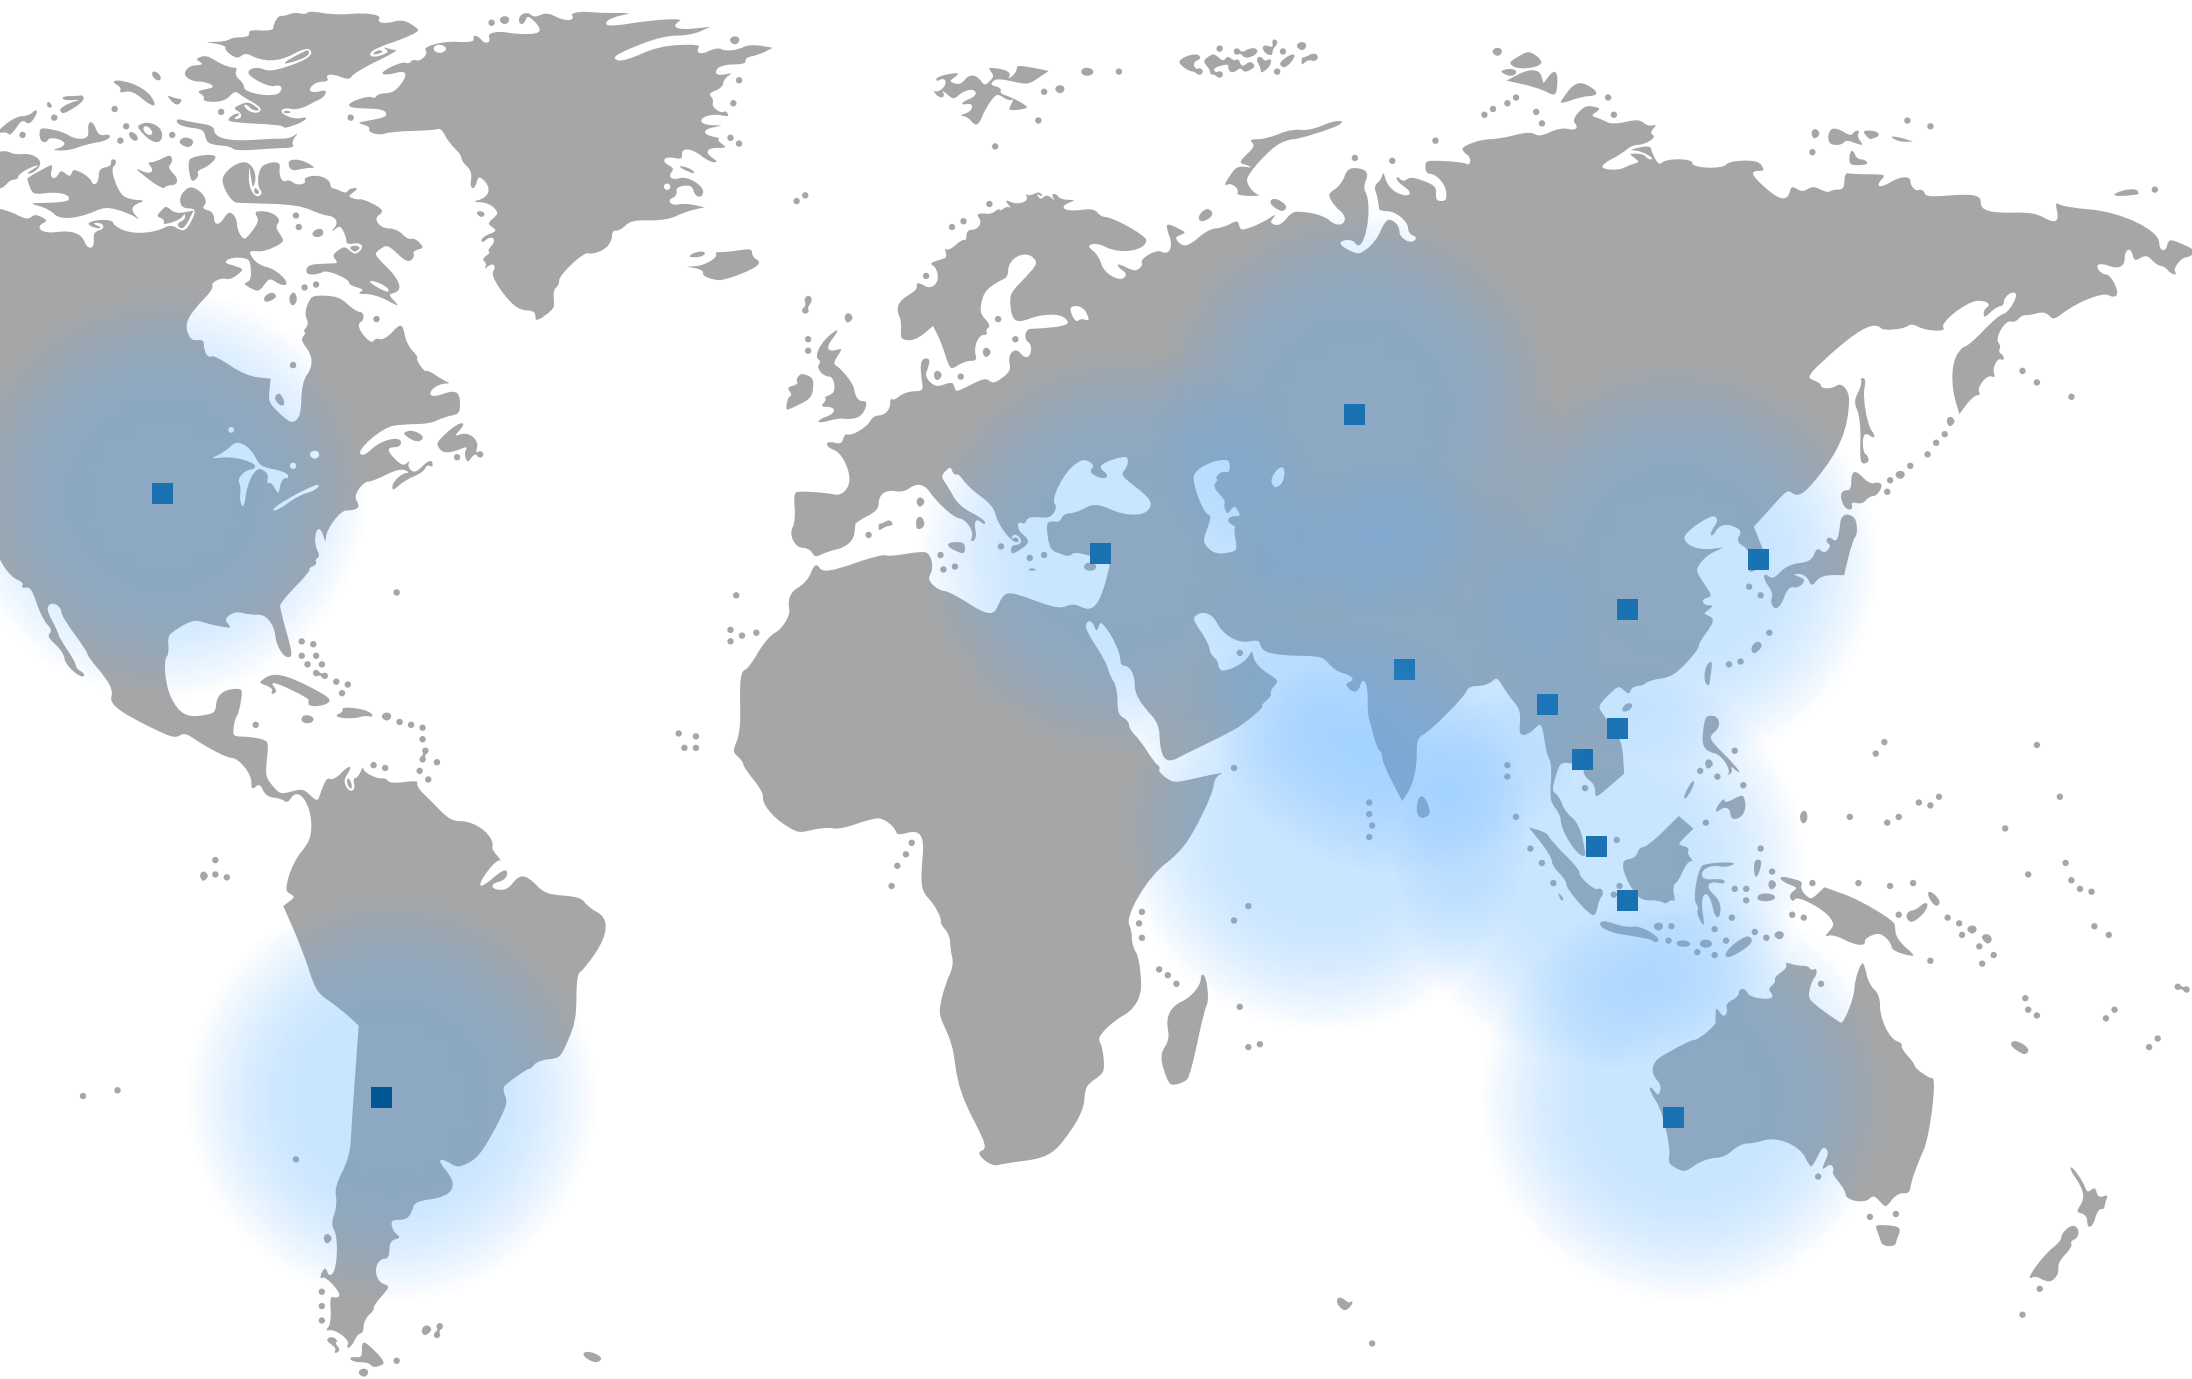

---

The POSCO TJ Park Foundation, which was founded in 1971 by the Steel Scholarship Foundation, has cultivated the human resources necessary for Korean society and inherited the aspirations of late chairman Park Tae-joon.

As a key pillar of POSCO Group's global social contribution initiatives, the POSCO TJ Park Foundation conducts a wide range of scholarship, academic, and award programs, contributing to the development of future leaders and the creation of social value.

---

POSCO TJ Park Foundation has supported 30,132 talented individuals across 33 countries to date, helping more young people around the world continue their journey of learning and growth in a stable environment.

Extending opportunities beyond borders, our compass has always pointed toward **“A Future That Adds Value to the World.”**

# Expand the range of growth

# POSCO TJ PARK PRIZE

---

## Science Prize

Korean scientists who have conducted groundbreaking, world-class research in the natural sciences within Korea.

## Education Prize

A domestic individual or organization who has contributed to the development of education through practical efforts based on creativity and pioneering spirit

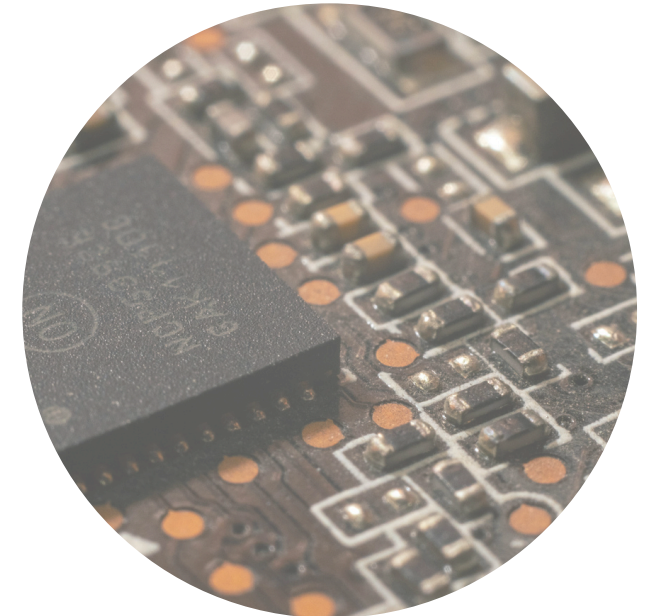

## Community development and philanthropy Prize

An individual or organization, including global citizens, dedicated to public service through volunteering, sacrifice, and efforts to solve social issues.

## Technology Prize

Individuals in Korea who have made outstanding contributions to technological innovation, industrial advancement, and engineering research

# POSCO SCIENCE FELLOWSHIP

Nurturing science and technology talent to drive the future growth engines of the Republic of Korea.

## POSCO Science Fellowship: Nurturing Korea's Next Generation of Scientific Leaders

Established in 2009 as Korea's first science fellowship founded by a private-sector company, the program reflects the vision of the late Cheongam Park Tae-joon, Honorary Chairman of POSCO, who stressed that nurturing outstanding scientific talent is essential for Korea, a country with limited natural resources, to become an advanced nation.

Promising early-career faculty members in basic and applied sciences receive KRW 100 million in research support over two years.

# POSCO GLOBAL SCHOLARSHIP

Fostering the 'Next-generation global leaders' that will lead the 21st century Asia.

## POSCO Global Scholarship in Korea

A scholarship program that supports promising global leaders pursuing graduate studies in Korea, fostering deeper understanding of Korean society and nurturing globally-minded leaders who connect Korea with the world.

# POSCO GLOBAL SCHOLARSHIP

Fostering the 'Next-generation global leaders' that will lead the 21st century Asia.

## POSCO Overseas Fellowship

The program supports outstanding Korean students by enabling them to pursue doctoral studies at Leading universities abroad without financial burden, allowing them to fully dedicate themselves to research.

**2026 포스코해외유학장학 선발공고** ~4월 30일

글로벌 시대에 한국을 대표할 박사급 인재육성을 위한 국내인재 해외장학 프로그램
